## Abstract

### OG Dogelore Meme, Welcome to Pige Inu...

\$PINU is an BSC20 token which started on the Binance blockchain April 27, 2022.

PIGE INU is a fully decentralized and community driven project, **contract is fully renounced Liquidity pool burned or locked forever**.

The max supply is 1 quadrillion and tax is only 3% for buy and sell, 70% of tax goes to marketing wallet, 30% of tax goes to Liquidity Pool. The \$PINU Token Smart **Contract successfully passed a top-grade security audit** to further the community's confidence, in full transparency.

We are community-owned and managed. We have a few admins to keep things running smoothly, but every decision is made as a community.

The **PIGE Inu** project includes...

#### - Pige Swap & Credit Card Pay:

Pige Swap & Credit Card Pay is a decentralized exchange (DEX) where users can swap BNB or any BEP20 token for \$PINU and you can buy \$PINU with **credit card directly on Pige Swap**.

#### - Pige Inu NFTs:

Pige Inu NFTs is the official NFTs of the Pige Inu Token, which can be minted on the app, or traded through the decentralized marketplace. Users can mint NFTs though the minting app and trade them all on one platform! Pige Inu NFT **holders will earn \$PINU just by holding it**.

#### - Pige Inu dApp:

Pige Inu dApp is a comprehensive decentralized application with various features in one platform running on top of Binance Smart Chain (BEP-20) network, the dApp will be include the several functionalities such as Swap with chart called **Pige Swap** - where users can buy any bep-20 token with realtime chart, Staking platform called **Piggy Bank** - where users can stake \$PINU to get more \$PINU, Raffle system called **Piggy Raffle** - weekly raffle where users can get a chance to win the collected prize pool in \$PINU and also the team will burn more \$PINU from it and a Coin listing platform called **Oink Gems** - where users can find solid projects without fear of being scammed - team will do an audit before list a project on the platform.

## Values

### TRANSPARENCY & COMMUNITY

**PIGE INU** is ownerless, fully decentralized and supported by its community of enthusiasts. Free, open and frank communication is encouraged within the community supporters so that everyone willing can be informed and even participate in every step of PIGE INU's growth! Multiple, independent, free group efforts in development, community self-management and more are strongly encouraged!

### TRUST

In the cryptocurrency market, Trust is paramount. That means full transparency not only in the community support and development, but also in any security effort. Examples include top-grade audits of **\$PINU's** code, and liquidity tokens being burnt to strongly reduce any risk of malicious behavior.

### LONGEVITY

**PIGE INU** is in it for the long haul. The decentralized community is fostering long-term development of the ecosystem which will result in real use cases, greater rewards and a popularity beyond any temporary trends.
